

Glamping Eco Beachside Bamboo Hut

Would suit solo traveller, couple in king bed or twin share 2 x single beds.

When you're glamping there's no tent to pitch, no sleeping bag to unroll, no fire to build. Whether in a tent a yurt, airstream, hut, villa or tree house, glamping is a way to experience the great outdoors without sacrificing luxury. We pride ourselves on creating an environment in which you can experience the pristine beauty of nature without having to sacrifice a luxurious experience.

Our beautifully designed "Bamboo Huts" epitomize our endeavor to remain Sri Lanka's leader in Eco-Hotel experience. Switch off and read your lap up natural living with our rooms. Listen to the sound of waves in the distance, hear the monkeys playing in the trees and understand what being connected to nature is all about.
